In re Application of

Lorraine, et al.

Application No. 10/747,739

Filed: 29 December, 2003

Attorney Docket No. RD25422-1

ON PETITION

This is a decision on one of two petitions filed on 22 May, 2006-this under 37 C.F.R. §1.47(a).

For the reasons set forth below, the petition under 37 C.F.R. §1.47(a) is **GRANTED**.

BACKGROUND

The record indicates:

- the instant application was filed on 29 December, 2003, without, *inter alia*, a fully executed oath/declaration;
- on 12 April, 2004, the Office mailed a Notice of Missing Parts indicating, *inter alia*, that a fully executed oath/declaration was required within two months;
- the 6 July, 2004, original petition—with, *inter alia*, a statement by Petitioner Paul J. DiConza (Reg. No. 48,418), along with an oath/declaration containing the signature of named co-inventor Lorraine (for himself and on behalf of) but without the signature of named non-signing co-inventor Ronald Alan Kline (Mr. Kline), a narration the statement of, and an averment that the oath or declaration was presented to Mr. Kline and references attached documents—however, while the attached assignment references (in hand note) a

transmittal letter, the transmittal letter is not attached to evidence/demonstrate that the entire application (description, claims, abstract, drawings) was presented to the non-signing inventor Mr. Kline along with the oath or declaration—was dismissed on 5 August, 2005, for that deficiency (in advance of the mailing of the decision, a call was placed to Counsel on 4 August, 2005, and a copy of the letter was to be provided when the petition was resubmitted;

- Petitioner received in the decision of 5 August, 2005, a two- (2-) month period within which to reply and was reminded that "[e]xtensions of time under 37 C.F.R. §1.136(a) are permitted," however, after the expiration of the reply period on 5 October, 2005, the maximum extension of five (5) months would have expired on 5 March, 2006, and the record is clear that Petitioner's Certificate of Mailing is set forth as "April 3, 2006"—thus the petition was dismissed on 17 April, 2006, because the instant application went abandoned after midnight 5 October, 2005;
- with the instant petition, Petitioner also submitted a companion petition seeking to revive the instant application under 37 C.F.R. §1.137(b)—because the instant petition is grantable, and so constitutes the required reply for the petition to revive, and the petition to revive (obviously is accompanied by the reply and) is accompanied as required by the fee and a statement of unintentional delay, has been granted and the instant application is pending and no longer abandoned.

This application and papers have been reviewed and found in compliance with 37 C.F.R. §1.47(a).

This application hereby is **ACCORDED status under 37 C.F.R. §1.47(a)**.

As provided under 37 C.F.R. §1.47(a), the Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition.

Notice of the filing of this application also will be published in the Official Gazette.

This file is being released to OIPE for processing as necessary to reflect the instant decision before being released for examination in due course.

Telephone inquiries concerning this decision may be directed to the undersigned at (571) 272-3214.
